

Summer Classes, 2015
Professional Learning Opportunities!
Coweta STEM Institute
(formerly Shenandoah GYSTC)

ALL NEW CLASSES!!!

PL11,119G SCIENCE LITERACY USING TRADE BOOKS (Grades K – 8) 1 PLU

Looking for trade books to implement STEM in your classroom? Register for this class, and have fun developing stimulating hands-on lessons that encourage your students to question and reflect. Leave this class with several ready to use lessons.

Led by Debbie Stuckey

- Wednesday, June 10, Thursday, June 11, 2015 (9:00-2:00)
- Coweta STEM Institute in Grantville

PL11,120G STEM NOW—HOW? (Grades K – 8) 1 PLU

Are you ready to implement STEM, but you're not sure about how to facilitate this change? Register for this course to learn more about **STEM** and how to implement it into your classroom. You will take home lessons, and you will experience developing your own STEM lessons. For Coweta teachers, this course may also contribute toward your STEM certification!

Led by Debbie Stuckey

- Friday, June 12, Monday, June 15, 2015 (9:00-2:00)
- Coweta STEM Institute in Grantville

PL11,121G SCIENCE FAIR? NO PROBLEM! (Grades K – 8) 1 PLU

If you are looking for tips for success and strategies for engagement in the elementary science fair process, you will gain valuable info and experience in this class. Find out how you can incorporate the science fair across your curriculum as you participate in this multidisciplinary process.

Led by Debbie Stuckey

- Tuesday, June 16, Wednesday, June 17 (9:00-2:00)
- Coweta STEM Institute in Grantville

PL11,122G BUSTING SCIENCE MYTHS (Grades K – 8) 1 PLU

Science myths abound! In this hands-on, inquiry-based class, you will experience strategies and content to dispel many common misconceptions. Using formative assessments and more, participants will gain knowledge that will benefit in effectively developing students' science process skills.

Led by Debbie Stuckey

- Thursday, June 18, Friday, June 19 (9:00-2:00)
- Coweta STEM Institute in Grantville

PL11,123G STEM IN FAIRY TALES (Grades K – 8) 1 PLU

It's not just about fairy tales. It's science! You may have thought you knew everything about teaching the scientific method, but when you teach with fairy tales everything changes. Leave this class with a new understanding about how science is in everything, even fairy tales. And all that talk about the scientific method....find out what it all means.

Led by Debbie Stuckey

- Tuesday, June 23, Wednesday, June 24 (9:00-2:00)
- Coweta STEM Institute in Grantville
